

We need your Support!

July 29, 2010 marks the date for the Annual NWPA-NTMA Golf Outing

The National Tooling and Machining Association (NTMA) is the national representative of the custom precision manufacturing industry in the United States. For the most part, NTMA members are small businesses, yet the industry generates sales in excess of \$25 billion every year. Nearly 120 businesses in Northwest PA are members of the Association, contributing every day to our local economy.

We are asking for your support to **benefit the Northwest PA NTMA Education Foundation** and help provide scholarships to students in Northwest Pennsylvania. In an effort to better serve the community and the Association, partial proceeds from the outing will benefit the NWPA-NTMA Education Foundation to help provide scholarships to area students.
